🔗 portfolio(coming soon)

📍 Okinawa, Japan

EXPERIENCE

Support Services NCOIC

DoD Special Representative Japan - Okinawa

📅 2023 - Present 📍 Okinawa, Japan

- (All items are under a pre-publication review for declassification)

Data Operations Supervisor

390th Intelligence Squadron

📅 2021 - 2023 📍 Kadena AB - Okinawa, Japan

- Recipient of the 'Outstanding Data Operations NCO of the Year' award, spanning recognition among the 50,000 personnel of the 16th Air Force
- Led the strategic implementation of the unit's pioneering 'BOCKSCAR' IT expansion, successfully deploying four core IT systems, thereby enabling private network access for 71 mobile clients and supporting 94 aviators
- Lead Project Manager for a \$227k IT tech-refresh, orchestrated the deployment and configuration of 250 assets, ensuring seamless operations and maintaining an unwavering 100% mission capability
- Drove the Cybersecurity Liaison program, skillfully leading a 6-member team to resolve 338 trouble tickets, process 307 system accounts, and successfully oversee 3 critical IT projects
- Developed a proprietary in-house IT tracking application that seamlessly handled account processing, trouble ticket management, change requests and project management

Knowledge Management Team Lead

55th Cyber Squadron

📅 2021 - 2020 📍 Offutt AFB - Omaha, NE

- Guided a 4-member team to deliver exceptional customer support for Knowledge Management programs serving 14,000 personnel
- Developed a COVID-19 SharePoint site that consolidated a personnel tracking system and enabled CDC transmission tracing for 2,200 Airmen
- Engineered first ever Below-the-Zone web application, resulting in an 80 percent reduction in RIP processing time for 36 Squadron Commanders

Command Executive Admin

449th Air Expeditionary Group

📅 2019 - 2020 📍 Camp Lemonnier - Djibouti, Africa

- Devised an innovative mission reporting process, leveraging SharePoint workflows to optimize efficiency
- Synchronized a 12-member team by facilitating more than 750 meetings between stakeholders
- Enforced security compliance and managed network access for over 300 personnel

Knowledge Management Apprentice

55th Communications Squadron

📅 2018 - 2019 📍 Offutt AFB - Omaha, NE

- Planned and executed SharePoint projects, delivering punctual completion and steadfast commitment to project objectives
- Delivered comprehensive user training sessions to empower proficient utilization of SharePoint tools and features for 100+ SharePoint admins
- Managed the entire life cycle of data and information, guaranteeing unwavering adherence to DoD Records Management standards

SUMMARY

USAF Data Operator, formerly Knowledge Manager, renowned for consistently delivering solutions to address critical challenges for the Air Force and the DoD. While my core commitment remains in engineering innovative solutions, my current mission is dedicated to cultivating the next generation of high-performing Airmen
